

FARM MINERAL RIGHTS BEING TRIED IN COURT

The Adams County Court this morning heard testimony to help it determine whether mineral rights on a farm remain the property of a company whether it exploits the minerals or not.

The question is part of the action to quiet title brought by Mrs. Eva Pape, Buford Ave., against William A. Hughes and William T. Weldie, trading as Gargol Exploration Co.

Trial without a jury was being held before the court today with Mrs. Pape testifying that she had granted mineral rights a number of years ago to her farm in the upper part of the county at Gargol to an individual who in turn transferred the rights to the Gargol Exploration Company.

Another Opinion Filed

For more than a decade no mining has taken place and she is seeking to secure full right to her farm, she held.

Representatives of the Gargol Company were testifying this morning to action taken by the company in connection with the development of mining on the farm. Several acres of the farm were drilled to obtain specimens of minerals available, they said. Testimony of the Gargol Exploration Company witnesses showed that since 1947 through 1957 numerous companies expressed interest in the minerals at the Pape farm, and a number of samples were taken.

The court handed down an opinion in the schedule of distribution of the estate of Melbourne G. Myers, late of Gettysburg. The opinion in effect interprets the wording of the will as it provides for various heirs to a property on S. Washington St.

Okay Legion Change

The court's decision provides for the following distribution of the real estate: "Unto Mae Agnes Lady for life, or so long as she lives in said property. After the death or permanent removal of Mae Agnes Lady from said property then unto David Merle Bolen and Josephine Mae Bolen, and the survivor of them, for life, or so long as they live on the upon said property."

"After the death of David Merle Bolen and Josephine Mae Bolen, or their permanent removal from said property, unto Gloria Ann Bolen, Doris Jean Bolen and Peggy Jane Bolen, as tenants in common."

The court also handed down approval of the change in the articles of incorporation of the American Legion Club of Gettysburg providing for admission of members who are veterans of armed force duty, but not members of the Albert J. Lentz American Legion Post, while retaining voting privileges only to members of the Lentz Legion post.

Ike Continues Opposition To Tax Cut, Spending Plan

By MARVIN L. ARROWSMITH  
WASHINGTON (AP) — President Eisenhower said today that whenever he is convinced a tax cut would benefit the country, the administration will consider it.

But, at a news conference, Eisenhower gave no indication of any change in his thinking that no tax reduction is necessary at this time.

Eisenhower was reminded by a reporter that former President Truman advocates a five-billion-dollar tax cut for low and middle income groups.

Will Act When Needed

A newsman asked then for Eisenhower's views regarding taxes—and what form any reduction should take.

Without mentioning Truman by name, Eisenhower said he would have no comment on the views of any one else.

But he went on to say that when he is convinced a tax cut would benefit the United States, then it will be taken up.

Eisenhower cautioned against rushing into any huge public works program in an effort to combat the recession. Truman advocates a big increase in spending for such projects.

Saying we must be very, very careful about getting into such programs, Eisenhower added we should try to be reasonable and not get what he called a Sputnik attitude about everything.

Rebuttal To HST

The President offered a rebuttal too to Truman's call for reducing costs of carrying the public debt. Eisenhower said that in order to lower interest costs on the public debt it might be necessary to flood the country with money to sustain a lower interest rate. That

In turn, he added, would mean higher prices.

And that is the sort of program he for one never will go for, Eisenhower said.

Today's conference marked the first time in a year Eisenhower has met four weeks in a row with newsmen.

He dealt with these other topics: VETO—A reporter told Eisenhower his veto yesterday of a 1½-billion-dollar water projects authorization bill is being criticized by some in Congress who felt the program would help fight the recession. The reporter, Sarah McClendon, who represents several Texas and other papers, said Rep. Wright (D-Tex) had expressed the opinion that Eisenhower ought to leave out some of his golf playing and get out for a first-hand look at conditions in the country.

The congressman feels, Miss McClendon added, that Eisenhower then would see the need for such projects.

Eisenhower replied, with no show of irritation, that he doesn't know Cong. Wright but has visited small villages and towns throughout the country—many more than the congressman.

With that Eisenhower recognized another questioner.

HIGHWAY BILL—Asked whether he intends to sign or veto the \$1,800,000,000 highway construction bill, Eisenhower noted he has until midnight to act, and added

U.S. Will Rocket Man 150 Miles Into Air, Return

WASHINGTON (AP) — The United States may rocket a man 150 miles into space within a year—and bring him back alive.

Dr. Werner von Braun, one of the world's leading missile experts, said he's sure it can be done with his Redstone rocket if the Pentagon gives him a go-ahead.

Von Braun, chief of Army missile development, also told the new House Committee on Space Problems the Soviets could shoot a man 200 miles up with the equipment they have now.

The former German scientist, who developed the Redstone and Jupiter missiles, estimated it would cost 10 million dollars to develop the American space man project.

The man would be shot up in a one-ton bullet-like capsule at a speed reaching 5,000 feet per second.

In his missile, he would hang motionless far higher than man has ever gone for about five minutes. Then a parachute device would slow his descent so that he could land — perhaps unconscious, but still alive—in the ocean with a ship waiting to pick him up.

May Use Animals

Von Braun said some animals such as chimpanzees would be used on test firings. But he said he had no doubt a human being could survive the ordeal. He said a volunteer had already been picked, but he declined to name him.

He said the project was submitted to the Pentagon several months ago. The question, he said, is whether the cost can be justified by the propaganda value and by the medical findings—that is, the constantly recorded physical changes in the space man.

SAYS RETARDED CHILDREN CAN BECOME USEFUL

"Seventy-five per cent of our severely retarded children can be trained to do something useful," William H. McCrea, president of the Cumberland County Association for Retarded Children, said in a talk Tuesday evening at a regular meeting of parents of the children in the Adams County Day Care Center.

Fifty parents and friends attended the meeting at the High St. School building. At a business meeting, a nominating committee proposed this slate of officers for the election which will be held in May: President, Mrs. Edwin Longenecker; vice president, Mrs. Donald Hubbard; secretary, Mrs. Donald Wright, and treasurer, Francis Zepp.

Mr. McCrea said the program for retarded children in Cumberland County includes two day care centers, a sheltered workshop, a religious program and plans for a kindergarten. He commended Adams County for its program but urged the establishment of a sheltered workshop here.

"It is also important that we make contributions to our state and national associations for retarded children in order to supply funds for research," he said. In conclusion he told the group there is really no limitation to the training of the abilities of severely retarded children if they are taught with patience."

A social hour followed Mr. McCrea's talk.

CHARLES BOWER RETIRES FROM POST OFFICE

Charles H. Bower, 29 E. Stevens St., an employee of the Gettysburg Post Office since 1913, Tuesday worked his last day.

His actual retirement becomes effective May 30, but he ceased work Tuesday in order to take advantage of leave due him. His fellow employees said that "Charley" could never get all the leave coming to him." Bower had worked much overtime and had rarely taken all of the leave that he might have had.

The last remaining active post office employee who "moved with the post office from York St.," Bower began his services as a substitute worker in 1913 during the observance of the 50th anniversary of the Battle of Gettysburg. The post office was then located in a small building where the Manufacturers Light and Heat Co. office York St. now stands.

Was Stamp Clerk

In 1914 the new post office on Baltimore St. was built and Bower, then a regular postal employee, became the first stamp clerk in the new office. He served for 35 years as stamp clerk, with 11 "partners" at the window, the first of them being the late Elmer Slaybaugh.

He served under seven postmasters: William Beales, Charles Duncan, Robert Miller, John Eckert, C. A. Williams, Lawrence E. Oyler and the present acting postmaster, Dewey McCauslin.

He explained his long tenure at the window: "Every time I felt like a change, the postmaster would always say, 'Well, Charley, you know the window pretty well, you better stay there a while longer.' No matter what postmaster it was, that always seemed to be the answer."

Eight years ago he was appointed superintendent of mails, a position he held when he retired.

Native Of County

During his approximately 45 years at the post office "the amount of mail has increased tremendously. In fact, it has increased much faster than the number of men employed to handle it," Bower said.

The largest increase occurred during the last ten years, he said.

One of three sons of the late Mr. and Mrs. P. A. T. Bower—the others are John L. Bower, Baltimore St., and Rev. Philip Bower, Emmitsburg.—Mr. Bower was born near New Oxford, and spent his early years in Table Rock.

He moved to Gettysburg when he married Mrs. Bower, the former Miss Elma V. Sheely, daughter of Harry A. and Alberta Sheely. Mrs. Bower's mother operated a boarding house for 25 years. One of the prized possessions of the family are two trophies won by Gettysburg College students in basketball. The students, who boarded at the Sheely home, gave Mrs. Sheely the trophies they had won.

Although retiring from the post office and aged 68, Mr. Bower doesn't think it's time to take things easy. He plans to start looking for another job after May 30, adding, "A man should have something to do."

## FARM MINERAL RIGHTS BEING TRIED IN COURT

The Adams County Court this morning heard testimony to help it determine whether mineral rights on a farm remain the property of a company whether it exploits the minerals or not.

The question is part of the action to quiet title brought by Mrs. Eva Pape, Buford Ave., against William A. Hughes and William T. Weldie, trading as Gargol Exploration Co.

Trial without a jury was being held before the court today with Mrs. Pape testifying that she had granted mineral rights a number of years ago to her farm in the upper part of the county to Gargol to an individual who in turn transferred the rights to the Gargol Exploration Company.

### Another Opinion Filed

For more than a decade no mining has taken place and she is seeking to secure full right to her farm, she held.

Representatives of the Gargol Company were testifying this morning to action taken by the company in connection with the development of mining on the farm. Several acres of the farm were drilled to obtain specimens of minerals available, they said. Testimony of the Gargol Exploration Company witnesses showed that since 1947 through 1957 numerous companies expressed interest in the minerals at the Pape farm, and a number of samples were taken.

The court handed down an opinion in the schedule of distribution of the estate of Melbourne G. Myers, late of Gettysburg. The opinion in effect interprets the wording of the will as it provides for various heirs to a property on S. Washington St.

### Okay Legion Change

The court's decision provides for the following distribution of the real estate: "Unto Mae Agnes Lady for life, or so long as she lives in said property. After the death or permanent removal of Mae Agnes Lady from said property then unto David Merle Bolen and Josephine Mae Bolen, and the survivor of them, for life, or so long as they live on the upon said property."

"After the death of David Merle Bolen and Josephine Mae Bolen, or their permanent removal from said property, unto Gloria Ann Bolen, Doris Jean Bolen and Peggy Jane Bolen, as tenants in common."

## Ike Continues Opposition To Tax Cut, Spending Plan

By MARVIN L. ARROWSMITH  
WASHINGTON (AP) — President Eisenhower said today that whenever he is convinced a tax cut would benefit the country, the administration will consider it.

But, at a news conference, Eisenhower gave no indication of any change in his thinking that no tax reduction is necessary at this time.

Eisenhower was reminded by a reporter that former President Truman advocates a five-billion-dollar tax cut for low and middle income groups.

Will Act When Needed  
A newsman asked then for Eisenhower's views regarding taxes—and what form any reduction should take.

Without mentioning Truman by name, Eisenhower said he would have no comment on the views of any one else.

But he went on to say that when he is convinced a tax cut would benefit the United States, then it will be taken up.

Eisenhower cautioned against rushing into any huge public works program in an effort to combat the recession. Truman advocates a big increase in spending for such projects.

Saying we must be very, very careful about getting into such programs, Eisenhower added we should try to be reasonable and not get what he called a Sputnik attitude about everything.

Rebuttal To HST  
The President offered a rebuttal too to Truman's call for reducing costs of carrying the public debt.

Eisenhower said that in order to lower interest costs on the public debt it might be necessary to flood the country with money to sustain a lower interest rate. That

in turn, he added, would mean higher prices.

And that is the sort of program he for one never will go for, Eisenhower said.

Today's conference marked the first time in a year Eisenhower has met four weeks in a row with newsmen.

He dealt with these other topics: VETO—A reporter told Eisenhower his veto yesterday of a 1½-billion-dollar water projects authorization bill is being criticized by some in Congress who felt the program would help fight the recession. The reporter, Sarah McClendon, who represents several Texas and other papers, said Rep. Wright (D-Tex.) had expressed the opinion that Eisenhower ought to leave out some of his golf playing and get out for a first-hand look at conditions in the country.

The congressman feels, Miss McClendon added, that Eisenhower then would see the need for such projects.

Eisenhower replied, with no show of irritation, that he doesn't know Cong. Wright but has visited small villages and towns throughout the country—many more than the congressman.

With that Eisenhower recognized another questioner.

HIGHWAY BILL—Asked whether he intends to sign or veto the \$1,800,000,000 highway construction bill, Eisenhower noted he has until midnight to act, and added (Continued On Page 2)

Mr. McCrea said the program for retarded children in Cumberland County includes two day care centers, a sheltered workshop, a religious program and plans for a kindergarten. He commended Adams County for its program but urged the establishment of a sheltered workshop here.

"It is also important that we make contributions to our state and national associations for retarded children in order to supply funds for research," he said. In conclusion he told the group there is really no limitation to the training of the abilities of severely retarded children if they are taught with patience."

## CHARLES BOWER RETIRES FROM POST OFFICE

Charles H. Bower, 29 E. Stevens St., an employee of the Gettysburg Post Office since 1913, Tuesday worked his last day.

His actual retirement becomes effective May 30, but he ceased work Tuesday in order to take advantage of leave due him. His fellow employees said that "Charley" could never get all the leave coming to him." Bower had worked much overtime and had rarely taken all of the leave that he might have had.

The last remaining active post office employee who "moved with the post office from York St." Bower began his services as a substitute worker in 1913 during the observance of the 50th anniversary of the Battle of Gettysburg. The post office was then located in a small building where the Manufacturers Light and Heat Co. office York St. now stands.

### Was Stamp Clerk

In 1914 the new post office on Baltimore St. was built and Bower, then a regular postal employee, became the first stamp clerk in the new office. He served for 35 years as stamp clerk, with 11 "partners" at the window, the first of them being the late Elmer Slaybaugh.

He served under seven postmasters: William Beales, Charles Duncan, Robert Miller, John Jekert, C. A. Williams, Lawrence E. Oyer and the present acting postmaster, Dewey McCauslin.

He explained his long tenure at the window: "Every time I felt like a change, the postmaster would always say, 'Well, Charley, you know the window pretty well, you better stay there a while longer.' No matter what postmaster it was, that always seemed to be the answer."

Eight years ago he was appointed superintendent of mails, a position he held when he retired.

### Native Of County

During his approximately 45 years at the post office "the amount of mail has increased tremendously. In fact, it has increased much faster than the number of men employed to handle it," Bower said.

The largest increase occurred during the last ten years, he said.

One of three sons of the late Mr. and Mrs. P. A. T. Bower—the others are John L. Bower, Baltimore St., and Rev. Philip Bower, Emmitsburg.—Mr. Bower was born near New Oxford, and spent his early years in Table Rock.

He moved to Gettysburg when he married Mrs. Bower, the former Miss Elma V. Sheely, daughter of Harry A. and Alberta Sheely. Mrs. Bower's mother operated a boarding house for 25 years. One of the prized possessions of the family are two trophies won by Gettysburg College students in basketball. The students, who boarded at the Sheely home, gave Mrs. Sheely the trophies they had won.

Although retiring from the post office and aged .68, Mr. Bower doesn't think it's time to take things easy. He plans to start looking for another job after May 30, adding, "A man should have something to do."

# LANA TURNER'S MOVIE WILL BE SHOWN MAY 1

By JAMES BACON  
HOLLYWOOD (AP) — Lana Turner's new movie, its release pushed up to ride with the headlines, shows the blonde actress in near-suicidal grief over the death of an illicit lover.

The movie, "Another Time, Another Place," was originally scheduled for September release but Paramount Pictures now plans to release it May 1.

"The picture is a gamble both for us and Lana," said a Paramount executive who didn't want his name used. "It could well decide what effect Lana's current troubles will have on her career."

The movie was made by Lana's own company, Lanturn Productions, for Paramount release.

Most Hollywood sources believe that the sensational headlines about the slaying of Lana's underworld boy friend Johnny Stompanato will boost her box office value. Lana's daughter Cheryl Crane, 14, told police she stabbed Stompanato April 4 to protect her mother from harm at his hands.

The picture was previewed last night for a few members of the press. It was made in England. Stompanato was there part of the time during the filming. Lana last Friday told a coroner's inquest that the onetime henchman of ex-gambler Mickey Cohen choked her and held a razor blade to her face during an argument in a London hotel room.

The stabbing of Stompanato was ruled justifiable homicide by the coroner's jury. Cheryl still faces a juvenile court hearing.

In Woodstock, Ill., Stompanato's brother Carmine refused to deny published reports quoting Cohen as saying that Carmine would file a \$399,999 damage suit against the actress. But he also said no decision had been made about filing the suit.

Wolfe, Scoutmaster of Troop 84, attended the sessions on Saturday for Scoutmasters.

Ellen Jane Baumgardner was leader at the meeting of the Luther League of St. Paul's Lutheran Church on Sunday evening, and discussed the topic "I Spend One Week At Summer Camp." The Scripture was read by Jill Weikert. During the business session, details were announced to sponsor a Buddy Deane Record Hop this evening from 8 to 11 o'clock in the local high school auditorium. Robert Benner was appointed to be the leader for the meeting next Sunday at 6:30 p.m.

Seven young people of Redeemer's United Church of Christ School received red seal certificates for participation in the 36th annual Stewardship Project contest, sponsored by the denomination, on Sunday during the church school hour. The entries have been submitted in the synodical competition for judging.

Wayne Miller was in charge of the worship service, which included a group hymn, accompanied on the piano by Grizelda Hahn; Scripture, Wayne Miller; hymn; offering; Lord's Prayer in unison. Election of officers will take place at the meeting next Sunday at 6:15 p.m., and this will be the final meeting until fall.

**NEW YORK (AP)** — The stock market was narrowly uneven in moderate early trading today.

Changes of most key stocks were fractional. Moves of as much as a point were scarce.

Oils and rails had more plus than minus signs but their edge to the upside was thin. Motors were active and up a bit. Steels, chemicals and aircrafts were mixed.

**NEW LEADER** — Crown Prince Feisal, above, has been given control of foreign, financial and internal affairs of Saudi Arabia by his brother, King Saud. Pro-Egyptian prince may be the oil-rich kingdom's new strong man.

The article concerned a sheriff sale.

No date has been set for a trial in the case.

## Fined \$50 By Turning Into Wrong Driveway

MOUNT VERNON, Ohio (AP) — Police said there were two things wrong when Arthur Sunkel turned in a driveway here. First, he was 40 miles from his own garage in Warsaw, Ohio. Second, he didn't stop.

They said Sunkel's car went into the garage attached to the Hugh McLarnan home and knocked the McLarnan car through the back of the garage and off a 6-foot drop. Sunkel was fined \$50 in Municipal Court for reckless driving.

## SOVIET TROUPE SCORES SUCCESS

**NEW YORK (AP)** — The Moiseyev dance company from Moscow, the first dance troupe to reach the United States under a new American-Soviet cultural exchange agreement, scored a resounding triumph at the Metropolitan Opera House last night.

The troupe of nearly 100 dancers, the largest Soviet attraction ever sent here, offered 13 folk numbers, which had a constant element of humor.

An audience of about 3,600 persons applauded, laughed, whistled, yelled "bravo" and applauded some more.

The Russians, in turn, particularly the girls, applauded the American hosts, waved and smiled.

**All Had Good Time**

The American and Soviet flags draped two center boxes. Mikhail Menshikov, Soviet ambassador to Washington, and Arkady Sobolev, ambassador to the United Nations, were the ranking diplomats.

Unprecedented crowds — police said 1,500 persons — gathered at the stage door to cheer the dancers after their performance.

W. G. Rogers, Associated Press arts editor, said in his review: "This isn't ballet, it isn't really dance, it is pure rollicking fun. . . ."

"The dancers moved across the stage in great irresistible rushes, they stomped, thumped, skipped, ran, hopped, galloped and trotted. They did the most extraordinary pirouettes, they clowned, burlesqued and ridiculed, and they, too, had a hilarious time."

**PAULS VALLEY, Okla. (AP)** — Jacob Martin, 73, a Choctaw Indian, was charged with assault and battery in connection with the beating of his 23-year-old wife. Sheriff Tom Abney said the Indian told him: "Her need it long time."

## Ike Continues

(Continued From Page 1)  
he will do so by that time.

At first he replied that he has until midnight to send a message to Congress. There was no way of being sure whether that remark might have tipped his hand. Ordinarily—but not necessarily—a message to Congress in connection with action on a bill means a presidential veto.

GOP congressional leaders have been speculating that Eisenhower will sign the highway measure.

Acheson—A reporter noted that Dean Acheson, secretary of state in the Truman administration, suggested yesterday that presidents of the United States ought not to attend international summit conferences. Eisenhower said there may be something to the Acheson view.

Later Eisenhower added he thinks there is a very great deal in what Acheson says. Acheson took the position in a Kansas City speech that presidents should maintain a detached attitude and not become involved personally in attendance at heads-of-government conferences.

Eisenhower replied he has always felt that way about it, too. But he said he always will be willing to take a risk and attend such conferences if he feels there is any chance progress could be made.

That, the President said, is the only way to take a forward step.

## York Springs

**YORK SPRINGS**—The MYF of the York Springs Methodist Church will sponsor a bowling session on Thursday. They will leave the church at 8 p.m. and bowling will begin at 8:30 p.m.

Although the annual Easter egg hunt had to be postponed on account of rain Easter Sunday the band concert and egg hunt were well attended last Sunday.

On Sunday, Mr. and Mrs. Harold A. Smith attended the organ recital of John Lebo, Carlisle, a senior of Lebanon Valley College. The recital was held in Engle Hall. After graduation, Lebo will go to Dayton, Ohio, to continue his studies in the ministry at a college there. John was a piano pupil of Mrs. Smith.

The young people of the York Springs Methodist Church will take used clothing to New Windsor, Md., on Saturday morning. They will leave the church at 8 a.m. and will return by noon. They will be taken on a tour of the building and will be shown the way the clothing is processed before being sent overseas to needy families. Anyone having good used clothing which they wish to contribute should have it at the church not later than Friday. Persons interested in making the tour are invited to go along.

## BULLETINS

**HOLLYWOOD (AP)**—Father Knows Best, Dinah Shore and Jack Benny, honored at last, were the stars last night in television's annual Emmy Awards.

The show, telecast over NBC-TV, proved one thing—that the movie industry puts on a better TV show than TV itself.

Entertainmentwise, the Emmy show looked like a junior class play compared with the movies' recent Oscar telecast.

Milton Berle, a TV pioneer who hasn't worked in the medium for three years, gave the Emmy show its only lift with fast quips.

**Double Honors For Dinah**  
Miss Shore won Emmys for the best musical show and for the best continuing performance by a female.

Benny won the Emmy for the best continuing male performance only seconds after he was voted a special Academy trustees' award. As a member of the National Academy of Television Arts and Sciences explained: "We've been very embarrassed that such a great comedian as Jack Benny has never won an Emmy before. So we decided to make sure he got at least one tonight."

Father Knows Best, a situation family comedy almost dropped two years ago, won an Emmy for Robert Young as the best actor in a series and for Jane Wyatt as best actress in the same category.

**"The Comedian"**

## 4 TORNADOES HIT FLORIDA

**By THE ASSOCIATED PRESS**  
Rains ended and winds diminished in most of Florida today in the wake of violent weather which hammered sections of the state yesterday.

At least four tornadoes struck the state, injuring 50 persons and damaging more than 50 homes. Property damage was estimated at five million dollars. Heaviest hit was Fort Pierce, a Florida east coast resort community of 23,000 population, some 60 miles north of West Palm Beach. Five of the 26 persons hospitalized were reported in serious condition.

Other twisters hit north of Fort Pierce, at St. Augustine, and on the Florida west coast, near Fort Myers, and at Wimauma, south of Tampa.

Syracuse University and Miami, Fla., will meet in football for the first time during the 1960 season.

## Father Knows Best, Dinah Shore, Jack Benny Winners

**HOLLYWOOD (AP)**—Father Knows Best, Dinah Shore and Jack Benny, honored at last, were the stars last night in television's annual Emmy Awards.

The show, telecast over NBC-TV, proved one thing—that the movie industry puts on a better TV show than TV itself.

Entertainmentwise, the Emmy show looked like a junior class play compared with the movies' recent Oscar telecast.

Milton Berle, a TV pioneer who hasn't worked in the medium for three years, gave the Emmy show its only lift with fast quips.

**Double Honors For Dinah**  
Miss Shore won Emmys for the best musical show and for the best continuing performance by a female.

Benny won the Emmy for the best continuing male performance only seconds after he was voted a special Academy trustees' award. As a member of the National Academy of Television Arts and Sciences explained: "We've been very embarrassed that such a great comedian as Jack Benny has never won an Emmy before. So we decided to make sure he got at least one tonight."

Father Knows Best, a situation family comedy almost dropped two years ago, won an Emmy for Robert Young as the best actor in a series and for Jane Wyatt as best actress in the same category.

**"The Comedian"**  
"The Comedian," a Playhouse 90 production, was named the best

single program of the year. Rod Serling, its author, won the best writing Emmy. Mickey Rooney, whose performance in the title role was judged an all-time TV classic by many critics, didn't get a nod as best actor.

That award was one by Britisher Peter Ustinov for his portrayal of Dr. Samuel Johnson on the Omnibus show. That series also won an Emmy as the best public service program.

Seven Lively Arts, a show already off the air, was named the best new program of the year.

Poly Bergen won the Emmy for best actress in the Playhouse 90 production of "The Helen Morgan Story."

**Gunslinger Wins**  
The Phil Silvers Show won as the best comedy series—and its many writers, almost outnumbering Sgt. Bilko's platoon, won for best comedy writing.

The adult Westerns, most popular rated shows on TV, made only one breakthrough, in Gunslinger. That show, TV's No. 1 rated series won as the best continuing dramatic series.

In other awards, Carl Reiner of the Sid Caesar Show won the best supporting actor Emmy; Ann B. Davis, the man-crazy Schultzy of the Bob Cummings Show, won best supporting actress; Edward R. Murrow, best news commentator; composer Leonard Bernstein, best musical contribution; and Playhouse 90, best dramatic anthology.

for tomorrow; especially the disciplined and self-disciplined student, who knows what it costs to have a job prepared for him and is willing to give his all in return. Children must early be taught respect for all types of jobs, and work habits must begin with the young, he said. The first of all virtues is filial piety and when the child learns this, the other related virtues which will help him when he goes into the working world, will naturally follow, he added.

The Rev. Fr. Finchbaugh discussed the various professions, quoting statistics on the number of ministers and doctors and teachers available and the larger numbers which are needed. The child who looks forward to a profession must choose whether he is interested in people or things and if the former, then he should be happy in one of the professions, though more education and specialized training are required.

Mr. King, supervising principal of the Littlestown Joint School System, spoke on education, noting that education is presupposed from the demands of business, industry and the professions. The creation of new courses means new buildings to teach them, with the added financial burden. The future in education may possibly bring large class units with assistant teachers and secretarial help; the use of school buildings the year around, mergers, and the doing away with overhead duplication to help eliminate the drain on the public purse. There will also be a rearrangement of curriculum in order to develop to the highest potential, the brain power that is available, and there will be adult education. At the present time, there are 200,000 children not in school, and 33,000,000 who are. How they are taught and what they are taught is helping to shape the destiny of the United

## WORK OF FBI IS EXPLAINED

Terry R. Anderson, of the Harrisburg FBI office, spoke on "Activities of the FBI" at the weekly meeting of the Littlestown Rotary Club Tuesday evening at Schottel's Hotel. A native of Iowa and a former well-known Drake University athlete, Mr. Anderson said that of the 13,000 employees of the FBI, only 6,000 are agents. The bureau's activities include service and investigation and it is the investigating arm of the Department of Justice. It is responsible for internal security and the enforcement of 149 federal laws, including kidnapping and illegal interstate activities.

Mr. Anderson told of the work of the crime laboratory and the identification division in Washington, D. C. The crime lab examines thousands of pieces of evidence for local police departments each year. In the identification division, there are 148,900,000 sets of fingerprints on file, of which 117,000,000 are in the civil file and the remainder in the criminal file. Aside from identifying criminals, they are used also in locating missing persons, victims of accident and amnesia, and many others.

He stated that the pattern of criminals has changed in recent years, as many serious crimes are committed by persons who up to that time had been law-abiding and respected citizens. He gave several examples of the work of the bureau in solving cases.

The speaker was introduced by Carl F. Hermann, of the Program Committee, which was in charge of the meeting. Frank Basehoar made announcements about the district conference to be held in Hershey April 26, 27 and 28. President A. G. Ealy announced that the Littlestown club was second in attendance last month with a percentage of 98.2 and three perfect meetings. The invocation was given by Rev. D. S. Kammerer.

Next week's meeting will be in charge of the Rotary Information Committee, consisting of E. W. Dunbar, Luther D. Snyder and Frank E. Basehoar.

### "KISS OF TRUE LOVE"

You will know the kiss of true love . . . by the way it makes you feel . . . it's a story told in silence . . . saying things that dreams reveal . . . you will know it by the warmth . . . and the reassuring bliss . . . that takes you from the ordinary . . . stream of life's abyss . . . unlike that of any other . . . is the kiss of which I write . . . for it's capable of lifting you . . . up to the greatest height . . . it will find you without warning . . . so enchanting is its thrill . . . that it will make you seen as though . . . the world was standing still . . . of course there may be kisses . . . that cause your head to sway . . . but you'll know the kiss of true love . . . and its will you will obey.

for tomorrow; especially the disciplined and self-disciplined student, who knows what it costs to have a job prepared for him and is willing to give his all in return. Children must early be taught respect for all types of jobs, and work habits must begin with the young, he said. The first of all virtues is filial piety and when the child learns this, the other related virtues which will help him when he goes into the working world, will naturally follow, he added.

The Rev. Fr. Flinchbaugh discussed the various professions, quoting statistics on the number of ministers and doctors and teachers available and the larger numbers which are needed. The child who looks forward to a profession must choose whether he is interested in people or things and if the former, then he should be happy in one of the professions, though more education and specialized training are required.

Mr. King, supervising principal of the Littlestown Joint School System, spoke on education, noting that education is presupposed from the demands of business, industry and the professions. The creation of new courses means new buildings to teach them, with the added financial burden. The future in education may possibly bring large class units with assistant teachers and secretarial help; the use of school buildings the year around; mergers, and the doing away with overhead duplication to help eliminate the drain on the public purse. There will also be a rearrangement of curriculum in order to develop to the highest potential, the brain power that is available, and there will be adult education. At the present time, there are 200,000 children not in school, and 33,000,000 who are. How they are taught and what they are taught is helping to shape the destiny of the United

## WORK OF FBI IS EXPLAINED

Terry R. Anderson, of the Harrisburg FBI office, spoke on "Activities of the FBI" at the weekly meeting of the Littlestown Rotary Club Tuesday evening at Schott's Hotel. A native of Iowa and a former well-known Drake University athlete, Mr. Anderson said that of the 13,000 employees of the FBI, only 6,000 are agents. The bureau's activities include service and investigation and it is the investigation arm of the Department of Justice. It is responsible for internal security and the enforcement of 149 federal laws, including kidnapping and illegal interstate activities.

Mr. Anderson told of the work of the crime laboratory and the identification division in Washington, D. C. The crime lab examines thousands of pieces of evidence for local police departments each year. In the Identification Division, there are 148,900,000 sets of fingerprints on file, of which 117,000,000 are in the civil file and the remainder in the criminal file. Aside from identifying criminals, they are used also in locating missing persons, victims of accident and amnesia, and many others.

He stated that the pattern of criminals has changed in recent years, as many serious crimes are committed by persons who up to that time had been law-abiding and respected citizens. He gave several examples of the work of the bureau in solving cases.

The speaker was introduced by Carl P. Hermann, of the Program Committee, which was in charge of the meeting. Frank Basehoar made announcements about the district conference to be held in Hershey April 26, 27 and 28. President A. G. Ealy announced that the Littlestown club was second in attendance last month with a percentage of 98.2 and three perfect meetings. The invocation was given by Rev. D. S. Kammerer.

Next week's meeting will be in charge of the Rotary Information Committee, consisting of E. W. Dunbar, Luther D. Snyder and Frank E. Basehoar.

## Ike Continues

(Continued From Page 1)  
he will do so by that time.

At first he replied that he has until midnight to send a message to Congress. There was no way of being sure whether that remark might have tipped his hand. Ordinarily—but not necessarily—a message to Congress in connection with action on a bill means a presidential veto.

GOP congressional leaders have been speculating that Eisenhower will sign the highway measure.

Acheson—A reporter noted that Dean Acheson, secretary of state in the Truman administration, suggested yesterday that presidents of the United States ought not to attend international summit conferences. Eisenhower said there may be something to the Acheson view.

Later Eisenhower added he thinks there is a very great deal in what Acheson says. Acheson took the position in a Kansas City speech that presidents should maintain a detached attitude and not become involved personally in attendance at heads-of-government conferences.

Eisenhower replied he has always felt that way about it, too. But he said he always will be willing to take a risk and attend such conferences, if he feels there is any chance progress could be made.

That, the President said, is the only way to take a forward step.

## Father Knows Best, Dinah Shore, Jack Benny Winners

**HOLLYWOOD (AP)**—Father Knows Best, Dinah Shore and Jack Benny, honored at last, were the stars last night in television's annual Emmy Awards.

The show, telecast over NBC-TV, proved one thing—that the movie industry puts on a better TV show than TV itself.

Entertainmentwise, the Emmy show looked like a junior class play compared with the movies' recent Oscar telecast.

Milton Berle, a TV pioneer who hasn't worked in the medium for three years gave the Emmy show its only lift with fast quips.

### Double Honors For Dinah

Miss Shore won Emmys for the best musical show and for the best continuing performance by a female.

Benny won the Emmy for the best continuing male performance only seconds after he was voted a special Academy trustees' award. As one member of the National Academy of Television Arts and Sciences explained: "We've been very embarrassed that such a great comedian as Jack Benny has never won an Emmy before. So we decided to make sure he got at least one tonight."

Father Knows Best, a situation family comedy almost dropped two years ago, won an Emmy for Robert Young as the best actor in a series and for Jane Wyatt as best actress in the same category.

### MARKET IS LOWER

**NEW YORK (AP)**—The stock market was generally lower in moderate early trading today.

The mild decline followed three sessions of advancing prices.

Steels, motors, chemicals and nonferrous metals were generally lower. Aircrafts and oils showed a trend to the upside.

The latest string of corporate reports make poor reading, Wall Streeters said, and President Eisenhower's veto of the rivers and harbors bill stopped what some observers regard as an anti-recession measure.

## Today's Talk

## TO DO OR NOT TO DO

All through life we are faced with decisions. Decisions to do or not to do, decisions perhaps to influence the entire course of our lives. Many a book has changed the way of life for a reader. There are at least two books that greatly stirred me when I first read them, and they are among my favorite ones today. All of us are influenced by our friends whom we meet from time to time.

The decisions we make in life are most important. Inasmuch as we are influenced greatly by the decisions of others, it is well that we give ear to the advice and counsel of our friends. The decisions made in youth are extra important for they tie themselves to us through life to a greater or less degree, influencing our manner of life.

To do or not to do. Decisions face us almost daily. Our judgment is a good companion to our decisions, for many times it's the judgment that influences most the decision made. Decisions play a great hand in our personal lives and in business. We can't be too careful about the exercise we give to both our judgment and decisions. That's why we have lawyers to help us in emergencies. It is a good thing, however, to cultivate a keen judgment and learn to make decisions that are fair and just.

To do or not to do. It is possible to have these words influence us each day of our lives until we make important decisions almost by the clock — quickly and accurately.

Tomorrow Mr. Adams will talk on the subject: "Forget Yourself In Others."

## THE GREAT OUTDOORS

Spring's in the air!  
Now comes the snap of it,  
Hale, hearty slap of it,  
Long-awaited season of sunshine and smile.Now comes the blue again,  
Now comes the dew again,  
Making the humblest of blossoms worth while.Get out of doors!  
Breathe in your fill of it,  
Take what you will of it;  
Turn your cramped soul in life's meadows to play.Cast yourself free again,  
Joyfully be again  
All that you were in an earlier day.Spring's in the air!  
Now come the surge of it,  
Now comes the urge of it,  
Stronger than yearning for honors or gold;Now comes the wish to fare  
Out in the open air,  
Out where there's room to be free men and bold.

## Couple Observes 15th Anniversary

Of Their Wedding: Mr. and Mrs. Joseph E. Codori, 44 York street, Saturday quietly observed their 15th wedding anniversary.

Mr. and Mrs. Codori were married April 15, 1918, while Mr. Codori was serving in a special mo-

tor division of the U.S. Army. At the conclusion of the war the Codoris returned to Gettysburg, where they have resided ever since.

Looking Around: Apparently the proposed daylight saving time for Gettysburg this summer is going to die a slow death. Although many of the people are in favor of fast time, no action has been taken.

Easter Garbs "Rained Out" In Gettysburg: Sunday, April 16, may have been Easter to a great number of people, but to Gettysburgians and Adams countians, it was just another Sunday.

Rain that started falling Saturday afternoon continued through the night, all day Sunday and Sunday night and Monday was still reigning over the area, dampening the Easter ardor for many miles around.

## SCIENTIST SAYS

## REDS HAVE LEAD

WASHINGTON (AP) — Army missileman Werner von Braun called Tuesday for "vigorous action . . . to overcome as quickly as possible the obvious lead which the Russians now enjoy."

Von Braun, head of the scientific team which developed the Jupiter missile and America's first satellite-launching rocket, was the lead-off witness as the House Space Committee opened hearings on what America should do about the vast regions beyond the earth's atmosphere.

Up for committee action is President Eisenhower's proposal to create a civilian agency to handle space matters. The agency would be formed around the National Advisory Committee for Aeronautics, which now does basic aeronautics research.

## Step In Right Direction

Eisenhower's proposal got off to a not-unfriendly start when Rep. McCormack (D - Mass), House majority leader and chairman of the special Space Committee, introduced the Eisenhower bill with the comment that it "is undoubtedly a step in the right direction."

Introducing similar measures were Republican Representatives Arends (Ill.), the GOP whip; Keating (NY); and Haskell (Del.).

Von Braun, a German-born scientist who worked on Hitler's V2 missiles until the Army brought him here after World War II, did not comment specifically on the Eisenhower plan in his prepared statement.

## CRITICIZES NEW

## PROPOSAL FOR

## WELFARE DEPT.

HARRISBURG (AP)—Welfare Secretary Harry Shapiro lashed out Tuesday at a recommendation to create six commissioners of equal rank in the proposed Department of Public Welfare under a June 1 merger plan.

"My basic criticism of the recommendation is that you will have six commissioners of equal rank but unequal by far in their responsibilities," he told a newsman.

He referred to a suggestion to Gov. Leader by a 26-member advisory committee that the merged Public Assistance and Welfare departments be broken down into six bureaus each headed by a commissioner.

## Five Bureaus Named

The bureaus would be mental health, public assistance, medical and surgical hospitals, services to children and youth, services to the aging and services to the blind.

"The stature of the mental

health commissioner would be considerably reduced," Shapiro said.

"In fact, he would be just another bureau head, in effect contradicting a 1956 law setting up the commissioner of mental health as a special office."

Shapiro said he would turn over to the governor figures showing that Dr. Robert Matthews, commissioner of mental health, is in charge of a staff of 15,000 persons and handling a budget of 135 million dollars.

In comparison, he said, the State Council for the Blind, a lesser bureau in the department, would be headed by a commissioner for services to the blind. The

## Bullets Trounce Terrors 10-3 For Fourth Straight; F. And M. Here Thursday

Buckley Walters turned in a fine stint of scoreless relief hurling here Tuesday afternoon as the Gettysburg College baseball team won its fourth successive victory by coming from behind to trounce Western Maryland 10-3.

Walters allowed only four hits in 5 1/3 innings after relieving starter Owen Roizman in the fourth inning. He has now pitched 10 1/3 scoreless innings this season during which he has fanned eight and allowed only four hits.

At Georgetown today the Bullets (4-1) clash with Georgetown at Washington, D. C., and Thursday afternoon at 3 o'clock meet Franklin and Marshall here.

Gettysburg tabbed a run in the second. Larry Liedel singled and Jack Maloney walked. Gerry Long forced Maloney at second and then stole second, Liedel tallying when the throw to second was wild.

Western Maryland went ahead with three runs in the third. Bob Cole and Walt Mahan walked and Fred Burge reached first on a fielder's choice. Joe Bailey walked, Cole scoring. Al Stewart then singled home Mahan and Burge.

The Bullets picked up a run in the last of the fifth. Jeff Kahler walked, stole second and raced home on Frank Capitani's single over second.

**Bullets Forge Ahead**  
Coach Bob Hulton's outfit went ahead 5-3 with three tallies in the sixth. Arloe Olsen walked and Long singled. Walters singled, Olsen scoring. Kahler and Capitani followed with singles to send in Long and Walters.

Five insurance runs were added in the eighth. Ron Brandt reached base on a fielder's choice and Capitani and Leroy Bream walked. Liedel singled to send home Brandt and Capitani. Malone was safe on Lambert's wild throw to first. Olsen walked, forcing in Bream. Passes to Liedel and Walters pushed over Liedel and Maloney.

## Big Little Loop Meeting Tonight

The Big Little League, for boys 13 to 16 years, will reorganize this evening at 8 o'clock at the American Legion home.

Important business will be transacted and all sponsors, managers and parents are urged to attend the meeting. The four-team circuit will again be composed of teams sponsored by the American Legion, Eagles, Elks, and Blue Ridge Oil Co.

## ROOKIES SHINE AS NATIONAL LEAGUE OPENS

By THE ASSOCIATED PRESS  
The rookies had themselves a day as the National League, now a coast-to-coast network, opened the 1958 season.

Three rookies ruined Milwaukee's debut before the major's top crowd yesterday, 43,339, at County Stadium. Ron Blackburn and Curt Raydon, a couple of kid right-handers, blanked the Braves over the last four frames, and R. C. Stevens singled the winning run home in a 14-inning, 4-3 victory for the Pittsburgh Pirates.

At San Francisco, rookies Jim Davenport and Orlando Cepeda showed few jitters at the plate while backing up veteran Ruben Gomez's six-hit, 8-0 victory over the Los Angeles Dodgers.

**Big Guns For Phils**  
Chuck Essegian and Ray Sebroch were big guns as Philadelphia craved Cincinnati 5-4. And Dolan Nichols and Ed Mayer, though working but briefly, got in on a four-pitcher shutout as the Chicago Cubs whipped the St. Louis Cardinals 4-0 in the lone night game opener in either league.

The Pirates, overcoming Ed Mathews' two home runs, managed a 3-3 tie against Warren Spahn, the NL's lone 20-game winner last season, before he gave up at the end of nine innings. Gene Conley was the lone giving up a two-out double to Dick Groat, a single to Bob Skinner and then the payoff single to first baseman Stevens.

Davenport, taking over at third for the Giants, singled twice, scored twice and drove in a run for the Giants, playing a before a crowd of 23,448—all the Seals Stadium can hold.

**Record Opening Crowd**  
Gomez fanned six, walked six and drove in a run as the Giants rapped starter-loser Don Drysdale and two relievers for 11 hits.

Jim Brosnan was the winner at St. Louis. Nichols, Mayer and Don Eiston all got into the act in the seventh to preserve the shutout. Chicago belted Wilmer (Vinegar Bend) Mizell for three runs and seven hits in the first three frames.

The crowd of 26,246, a record for a night game opener at St. Louis, saw Stan Musial tie Mel Ott's total-bases record in the National League with a single in five trips for a total of 5,041.

**Essegian Scores Twice**  
Essegian, a rookie in left field, doubled twice, scored twice and drove in a run for the Phils, who blew a three-run lead before finally wrapping it up before an overflow crowd of 32,849 at Cincinnati. Sempach, coming on after the Redlegs scored four in the sixth against Robin Roberts to gain the lead, pitched one-hit, shutout ball the rest of the way.

A walk and singles by Wally Post, the ex-Red, and Ted Kazanski got the winning run home in the eighth off reliever Bill Wright.

## Yankees Win Opener As Bucs Nail Braves; Detroit Defeats Chisox And Phils Nip Reds

By ED WILKS  
The Associated Press  
This may be a tougher, tighter American League pennant race as predicted by the managers, but at the moment, Casey Stengel is still pulling rabbits out of hats with his New York Yankees.

The defending champs had some pretty atrocious pitching during spring exhibitions. But Stengel figured it would improve once the season started.

And most of the spring he had Jerry Lumpe playing third base, only to declare that "Andy Carey still is my man" when announcing his opening day lineup.

**Shut Out Bosox**  
So what happened? Don Larsen, he of the weak arm this spring, gave up just four hits, got out of two jams on Carey's dandy fielding at third and shut out the Boston Red Sox 3-0 yesterday before a record Boston opening crowd of 35,223.

The Detroit Tigers, clumped with Boston and Chicago as contenders, snubbed their 7-19 exhibition record (worst in the majors) and defeated the White Sox 4-3 before 28,319 at Chicago with the help of pesty Billy Martin.

Ned Garver shut out Cleveland 5-0 on seven hits while Kansas City gave Herb Score a rough time in his comeback debut with the Indians that drew the AL's biggest crowd of the day, 35,307 at Cleveland. Baltimore ended Washington's stop at the top of the league 6-1 before 34,377.

**Braves Bow**  
The AL openers drew 133,226 compared with the 125,882 counted

by the National League as Pittsburgh defeated Milwaukee 4-3 in 14 innings, San Francisco beat Los Angeles 8-0, the Chicago Cubs blanked St. Louis 4-0 and Philadelphia defeated Cincinnati 5-4.

Willard Nixon, Boston's onetime Yankee killer, had the champs blanked on one hit, Yogi Berra's leadoff single in the second, for six. But then he walked Mickey Mantle, after getting an 0-2 count on the Mick, in the seventh and Berra belted a homer. Bill Skowron and Carey followed with doubles for a three-run inning.

The Red Sox again were with-out Thumper Ted Williams, still recovering from food poisoning.

**Score Goes Three**  
Three unearned runs, two on Sherm Lollar's homer, gave the White Sox a 3-1 lead in the third inning of the duel between Billy Pierce and Jim Bunning, the AL's only 20-game winners of last season. But after the Tigers tied it, Bunning's second double chased Pierce in the seventh and Martin, who had fanned three times, singled him home with the clincher off Ray Moore.

Score, the 24-year-old southpaw swiftly, gave way to a pinch hitter after three innings in his first championship, appearance since his eye injury of last May 7. He left trailing 3-0.

Gus Triandos and Brooks Robinson split half of Baltimore's 12 hits off four Washington pitchers. Triandos homered among his three. Robinson tripled. Billy O'Dell won it in relief of Connie Johnson. Camilo Pascual was the loser.

**High, Muddy Water Curtails Trout Catch, Opening Crowd**  
HARRISBURG (AP)—High, muddy water generally cut down the turnout and catch of the opening day of Pennsylvania's 1958 trout fishing season, reports from district fish wardens indicated today.

There were some exceptions. cited as an example was the luck of an unidentified lady angler who took 27-inch and 21-inch rainbow trout from the Big Spring Creek in Cumberland County.

The Little Lehigh in the northeast also produced a satisfying first day catch, but mostly the field reports were similar to that of Ralph Singer, supervisor of the Northeast District.

Singer's report to the State Fish Commission was that above normal stream levels and cloudy waters produced a below normal turnout. The catch was only fair, he said.

**Two Feet Of Snow**  
There were still two feet of snow in portions of Pike and Wayne counties and a 22-inch thick layer of ice covered Upper Woods Pond.

Lake Lorraine also was coated with ice, but anglers fished the lake anyhow and Singer said they did better than stream fishermen.

Light turnouts and fair catches also were reported for the North-Central, South Central and south-east districts.

In the northwest counties, where the streams were lower than normal, the number of fishermen out was about as expected but district supervisor Carlisle Sheldon said the catch was not up to that of last year.

Streams also were reported below normal in the southwest counties. Supervisor Minter Jones said the turnout was light but the catch was about as expected.

The weatherman cooperated with a warm, sunny day. Temperatures ranged from the high 50s to the mid 70s.

The season, which began officially at 5 a. m. yesterday, runs through Sept. 1.

The commission announced earlier that the trout stocking for this season was below the previous year in number because insufficient funds were available to

conduct full scale hatchery operations during the last year.

**Snow Curbed Stocking**  
The commission also noted that heavy snows kept the stocking trucks from making all their scheduled stops during the last two weeks.

"However, we will continue to stock fish as long as we have any for that purpose in the state hatcheries," said William Voigt Jr., executive director of the commission.

At least two persons died of what physicians said were heart attacks partially attributable to exertion during fishing expeditions.

Walter Haugh Sr., 67, Waynesboro, died while fishing in South Mountain close to the Adams-Franklin county line.

A New Philadelphia fisherman collapsed and died of a heart attack while fishing at Hawk Mountain, Berks County. He was John Valinsky, about 50.

**MAN IS KILLED BY EMPTY AUTO**  
READING, Pa. (AP)—Joseph L. Harvey, 67, of Wyomissing, was killed yesterday when an unoccupied car rolled 200 feet down an incline and pinned him against a parked truck inside his garage.

Harvey, working inside his Muhlenberg Twp. place of business when struck, was pronounced dead on arrival at Reading Hospital.

Muhlenberg Twp. Police Chief Raymond W. Endy said Joseph Dominick, 42, of Temple, Pa., parked his car on a slightly sloped lot in front of a diner some 200 feet across the Allentown Pike from Harvey's garage.

Endy said the car rolled down the incline threaded its way across the heavily traveled pike and struck Harvey, who was working about 12 feet inside the building.

Harvey is a former Berks County mercantile tax appraiser and an organizer of the county's Young Republican organization.

SPRINGFIELD, Mass. (AP)—The Springfield Indians, looking more like a Cinderella team all the time, can deadlock their American Hockey League Calder Cup playoff series tonight when they play host to the Hershey Bears.

Hershey, which won the regular-season title, leads the series, 2-1. Springfield, which didn't clinch fourth place until the final weekend, won the last game of the series, 4-0, after losing two one-goal decisions in Hershey.

Springfield is an AHL finalist for the first time in its 15-year league history. Should the Indians win the cup, they would be the first fourth-place team to do so.

### FAIRFIELD HIGH STOPS DELONE

Fairfield High scored three runs in the last of the third inning to blank Delone 3-0 Tuesday afternoon at Fairfield as the winners inaugurated their baseball season.

John Mort, Fairfield, and Ronnie Asper, Gettysburg, had hooked up in a nice pitchers' duel with the former getting the edge on allowing but three hits. Both fanned seven.

The Squires again gave a weak performance at bat. They collected but two hits in eight innings against Gettysburg here Monday and accounted for only a try Tuesday.

Fairfield hosts Biglerville in an Adams County League game Thursday at 4 p.m. Delone, now 0-3, plays at Shippensburg Friday.

## River Dragged For Snyder County Man

SUNBURY, Pa. (P)—Rescue workers renewed grappling operations in the swollen Susquehanna River today, searching for Francis E. Myers, 35, of Hummel's Wharf, Snyder County.

Sunbury police said Myers was believed to have fallen into the river shortly after midnight yesterday. The man's wife said she saw her husband topple over a railing into the river as she approached him in a taxicab.

The couple had visited friends in Sunbury. Mrs. Myers told police her husband started walking home and she followed him in a taxicab.

## ROOKIES SHINE AS NATIONAL LEAGUE OPENS

By THE ASSOCIATED PRESS

The rookies had themselves a day as the National League, now a coast-to-coast network, opened the 1958 season.

Three rookies ruined Milwaukee's debut before the major's top crowd yesterday, 43,339, at County Stadium. Ron Blackburn and Curt Raydon, a couple of kid right-handers, blanked the Braves over the last four frames, and R. C. Stevens singled the winning run home in a 14-inning, 4-3 victory for the Pittsburgh Pirates.

At San Francisco, rookies Jim Davenport and Orlando Cepeda showed few jitters at the plate while backing up veteran Ruben Gomez's six-hit, 8-0 victory over the Los Angeles Dodgers.

### Big Guns For Phils

Chuck Essegian and Ray Sebroch were big guns as Philadelphia craved Cincinnati 5-4. And Dolan Nichols and Ed Mayer, though wringing but briefly, got in on a four-pitcher shutout as the Chicago Cubs whipped the St. Louis Cardinals 4-0 in the lone night game opener in either league.

The Pirates, overcoming Ed Mathews' two home runs, managed a 3-3 tie against Warren Spahn, the NL's lone 20-game winner last season, before he gave up at the end of nine innings. Gene Conley was the lone giving up a two-out double to Dick Groat, a single to Bob Skinner and then the payoff single to first baseman Stevens.

Davenport, taking over at third for the Giants, singled twice, scored twice and drove in a run for the Giants, playi g before a crowd of 23,448—all the Seals Stadium could hold.

### Record Opening Crowd

Gomez fanned six, walked six and drove in a run as the Giants rapped starter-losing Don Drysdale and two relievers for 11 hits.

Jim Brosnan was the winner at St. Louis. Nichols, Mayer and Don Elston all got into the act in the seventh to preserve the shutout. Chicago belted Wilmer (Vinegar Bend) Mizell for three runs and seven hits in the first three frames.

The crowd of 26,246, a record for a night game opener at St. Louis, saw Stan Musial tie Mel Ott's total-bases record in the National League with a single in five trips for a total of 5.041.

### Essegian Scores Twice

Essegian, a rookie in left field, doubled twice, scored twice and drove in a run for the Phils, who blew a three-run lead before finally wrapping it up before an overflow crowd of 32,849 at Cincinnati. Semproch, looming on after the Redlegs scored four in the sixth against Robin Roberts to gain the lead, pitched one-hit, shutout ball the rest of the way.

A walk and singles by Wally Post, the ex-Red, and Ted Kazanski got the winning run home in the eighth off reliever Bill Wight.

## Yankees Win Opener As Bucs Nail Braves; Detroit Defeats Chisox And Phils Nip Reds

By ED WILKS  
The Associated Press

This may be a tougher, tighter American League pennant race as predicted by the managers, but at the moment, Casey Stengel is still pulling rabbits out of hats with his New York Yankees.

The defending champs had some pretty atrocious pitching during spring exhibitions. But Stengel figured it would improve once the season started.

And most of the spring he had Jerry Lumpe playing third base, only to declare that "Andy Carey still is my man" when announcing his opening day lineup.

### Shut Out Bosox

So what happened? Don Larsen, he of the weak arm this spring, gave up just four hits, got out of two jams on Carey's dandy fielding at third and shut out the Boston Red Sox 3-0 yesterday before a record Boston opening crowd of 35,223.

The Detroit Tigers, clumped with Boston and Chicago as contenders, snubbed their 7-19 exhibition record (worst in the majors) and defeated the White Sox 4-3 before 28,319 at Chicago with the help of pesty Billy Martin.

Ned Garver shut out Cleveland 5-0 on seven hits while Kansas City gave Herb Score a rough time in his comeback debut with the Indians that drew the AL's biggest crowd of the day, 35,307 at Cleveland. Baltimore ended Washington's stop at the top of the league 6-1 before 34,377.

### Braves Bow

The AL openers drew 133,226 compared with the 125,882 counted

by the National League as Pittsburgh defeated Milwaukee 4-3 in 14 innings, San Francisco beat Los Angeles 8-0, the Chicago Cubs blanked St. Louis 4-0 and Philadelphia defeated Cincinnati 5-4.

Willard Nixon, Boston's onetime Yankee killer, had the champs blanked on one hit, Yogi Berra's leadoff single in the second, for six. But then he walked Mickey Mantle, after getting an 0-2 count on the Mick, in the seventh and Berra belted a homer. Bill Skowron and Carey followed with doubles for a three-run inning.

The Red Sox again were without Thumper Ted Williams, still recovering from food poisoning.

### Score Goes Three

Three unearned runs, two on Sherm Lollar's homer, gave the White Sox a 3-1 lead in the third inning of the duel between Billy Pierce and Jim Bunning, the AL's only 20-game winners of last season. But after the Tigers tied it, Bunning's second double chased Pierce in the seventh and Martin, who had fanned three times, singled him home with the clincher off Ray Moore.

Score, the 24-year-old southpaw swiftly, gave way to a pinch hitter after three innings in his first championship appearance since his eye injury of last May 7. He left trailing 3-0.

Gus Triandos and Brooks Robinson split half of Baltimore's 12 hits off four Washington pitchers. Triandos homered among his three, Robinson tripled. Billy O'Dell won it in relief of Connie Johnson. Camilo Pascual was the loser.

At least two persons died of what physicians said were heart attacks partially attributable to exertion during fishing expeditions.

Walter Haugh Sr., 67, Waynesboro, died while fishing in Wayne Mountain close to the Adams-Franklin county line.

A new Philadelphia fisherman collapsed and died of a heart attack while fishing at Hawk Mountain, Berks County. He was John Valinsky, about 50.

## MAN IS KILLED BY EMPTY AUTO

READING, Pa. (P)—Joseph L. Harvey, 67, of Wyomissing, was killed yesterday when an unoccupied car rolled 200 feet down an incline and pinned him against a parked truck inside his garage.

Harvey, working inside his Muhlenberg Twp. place of business when struck, was pronounced dead on arrival at Reading Hospital.

Muhlenberg Twp. Police Chief Raymond W. Endy said Joseph Dominico, 42, of Temple, Pa., parked his car on a slightly sloped lot in front of a diner some 200 feet across the Allentown Pike from Harvey's garage.

Endy said the car rolled down the incline threaded its way across the heavily traveled pike and struck Harvey, who was working about 12 feet inside the building.

Harvey is a former Berks County mercantile tax appraiser and an organizer of the county's Young Republican organization.

Fairfield High scored three runs in the last of the third inning to blank Delone 3-0 Tuesday afternoon at Fairfield as the winners inaugurated their baseball season.

John Mort, Fairfield, and Ronnie Asper, Gettysburg lad, hooked up in a nice pitchers' duel with the former getting the edge on allowing but three hits. Both fanned seven.

The Squires again gave a weak performance at bat. They collected but two hits in eight innings against Gettysburg here Monday and accounted for only a trio Tuesday.

**Today's Talk**

**TO DO OR NOT TO DO**  
All through life we are faced with decisions. Decisions to do or not to do, decisions perhaps to influence the entire course of our lives. Many a book has chronicled the way of life for a reader. There are at least two books that greatly stirred me when I first read them, and they are among my favorite ones today. All of us are influenced by our friends whom we meet from time to time.

The decisions we make in life are most important. Inasmuch as we are influenced greatly by the decisions of others, it is well that we give ear to the advice and counsel of our friends. The decisions made in youth are extra important for they tie themselves to us through life to a greater or less degree, influencing our manner of life.

To do or not to do. Decisions face us almost daily. Our judgment is a good companion to our decisions, for many times it's the judgment that influences most the decision made. Decisions play a great hand in our personal lives and in business. We can't be too careful about the exercise we give to both our judgment and decisions. That's why we have lawyers to help us in emergencies. It is a good thing, however, to cultivate a keen judgment and learn to make decisions that are fair and just.

To do or not to do. It is possible to have these words influence us each day of our lives until we make important decisions almost by the clock — quickly and accurately.

Tomorrow Mr. Adams will talk on the subject: "Forget Yourself In Others"

**THE GREAT OUTDOORS**  
Spring's in the air!  
Now comes the snap of it,  
Haile, hearty slap of it,  
Long-awaited season of sunshine and smile.  
Now comes the blue again,  
Now comes the dew again,  
Making the humblest of blossoms worth while.

Get out of doors!  
Breathe in your fill of it,  
Take what you will of it;  
Turn your cramped soul in life's meadows to play.  
Cast yourself free again,  
Joyfully be again  
All that you were in an earlier day.

Spring's in the air!  
Now comes the surge of it,  
Now comes the urge of it,  
Stronger than yearning for honors or gold;  
Now comes the wish to fare  
Out in the open air,  
Out where there's room to be free men and bold.

**SCIENTIST SAYS REDS HAVE LEAD**

WASHINGTON (AP) — Army missileman Wernher von Braun called Tuesday for "vigorous action . . . to overcome as quickly as possible the obvious lead which the Russians now enjoy."

Von Braun, head of the scientific team which developed the Jupiter missile and America's first satellite-launching rocket, was the lead-off witness as the House Space Committee opened hearings on what America should do about the vast regions beyond the earth's atmosphere.

Up for committee action is President Eisenhower's proposal to create a civilian agency to handle space matters. The agency would be formed around the National Advisory Committee for Aeronautics, which now does basic aeronautics research.

**Step In Right Direction**  
Eisenhower's proposal got off to a not-unfriendly start when Rep. McCormack (D - Mass.), House majority leader and chairman of the special Space Committee, introduced the Eisenhower bill with the comment that it "is undoubtedly a step in the right direction."

Introducing similar measures were Republican Representatives Arends (Ill.), the GOP whip; Keating (N.Y.); and Haskell (Del.).

Von Braun, a German-born scientist who worked on Hitler's V2 missiles until the Army bought him here after World War II, did not comment specifically on the Eisenhower plan in his prepared statement.

**PARKS SELLING MACHINES**

The Gettysburg National Military Park announced today it is offering for sale a 1953 Ford coupe pickup and a A. B. Dick mimeograph machine. The pickup may be seen at the utility building on the Taneytown Rd. and the mimeograph machine at the park office in the postoffice building. Bidding forms also are available at the park office.

for division of the U.S. Army. At the conclusion of the war the Codoris returned to Gettysburg, where they have resided ever since.

**Looking Around:** Apparently the proposed daylight saving time for Gettysburg this summer is going to die a slow death. Although many of the people are in favor of fast time, no action has been taken.

**Easter Garbs "Rained Out"** In Gettysburg: Sunday, April 16, may have been Easter to a great number of people, but to Gettysburgians and Adams countians, it was just another Sunday.

Rain that started falling Saturday afternoon continued through the night, all day Sunday and Sunday night and Monday was still reigning over the area, dampening the Easter ardor for many miles around.

**CRITICIZES NEW PROPOSAL FOR WELFARE DEPT.**

HARRISBURG (AP)—Welfare Secretary Harry Shapiro lashed out Tuesday at a recommendation to create six commissioners of equal rank in the proposed Department of Public Welfare under a June 1 merger plan.

"My basic criticism of the recommendation is that you will have six commissioners of equal rank but unequal by far in their responsibilities," he told a newsman.

He referred to a suggestion to Gov. Leader by a 26-member advisory committee that the merged Public Assistance and Welfare departments be broken down into six bureaus each headed by a commissioner.

**Five Bureaus Named**

The bureaus would be mental health, public assistance, medical and surgical hospitals, services to children and youth, services to the aging and services to the blind.

health commissioner would be considerably reduced," Shapiro said. "In fact, he would be just another bureau head, in effect contradicting a 1956 law setting up the commissioner of mental health as a special office."

Shapiro said he would turn over to the governor figures showing that Dr. Robert Matthews, commissioner of mental health, is in charge of a staff of 15,000 persons and handling a budget of 135 million dollars.

In comparison, he said, the State Council for the Blind, a lesser bureau in the department, would be headed by a commissioner for services to the blind. The present agency functions with 200 persons and a budget of \$1,115,000.

Dr. Matthews received a salary of \$25,000 a year and George W. Dauth, director of the Council for the Blind, gets \$9,454.

The Public Assistance Department would also become a bureau in the new agency under the recommendation. It has 3,100 employees and a budget of nearly 146 1/2 million dollars.

The governor is under no compulsion to accept the committee's recommendations but John H. Ferguson, his secretary of administration who sat in with the committee, was expected to be influential in getting Leader to accept most of them.

Ferguson took issue with Shapiro's objections asserting that the six-commissioner setup was planned for the future.

**HEAR NORSTAD MISSILE PLAN**

PARIS (AP) — The Atlantic Alliance's defense ministers Tuesday heard Gen Lauris Norstad's plans for deploying American-built missiles in four or more of their countries.

The ministers began an intensive three-day study of the 16-nation North Atlantic Treaty Organization's military muscle. Five countries have accepted, or agreed to discuss stationing in their territories, nuclear warhead missiles with 1,500-mile ranges. The five are Britain, France, the Netherlands, Turkey and Italy.

Norstad, NATO commander, estimates he needs about 210 missiles until an American intercontinental missile is perfected with 5,000-mile range.

Informants said Norstad insisted that he needs 28 to 30 combat ready divisions to meet the Soviet threat in Europe. He now has about half that number.

Soviet bloc forces are believed to number about 4 1/2 million ground troops. They are in 175 divisions, 75 of which are tank or mechanized units.

## TOSS DYNAMITE CAPS FROM AUTO

POTTSVILLE, Pa. (AP) — A 20-year-old Schuylkill County youth told police Tuesday he and two other boys were tossing lighted dynamite caps out the window of a moving car Sunday when one cap blew up inside the automobile.

The boys—all from Donaldson—are in Pottsville Hospital. One is in critical condition.

Leslie Reighler said the trio was driving near Duncott about five miles west of Pottsville, putting lighted fuses into the open ends of the caps and throwing them out the window. They didn't get the last one out in time, he said.

The boys told police Sunday a lighted cigar dropped into a box of 50 caps and set off the explosion.

In critical condition is Buckley Miller, 18, who lost the sight of his eyes and his left leg. The other boy, Richard Boyer, 16, lost the sight of one eye. Doctors are trying to save the other eye. Reighler suffered lacerations.

William Keuch, chief of Schuylkill County detectives, said Reighler will be arrested for violating the State Explosives Act when he leaves the hospital.

The boys said they found the caps on a mountain near Donaldson.

**LATEST CENSUS FIGURES**  
WASHINGTON (AP)—The Census Bureau Tuesday estimated the nation's population at 173,210,000 on March 1. This figure, which includes service personnel serving overseas, was 199,000 higher than the Feb. 1 estimate.

At the start of the year the population was figured at 172,790,000, compared with 151,182,000 in April 1950, the date of the last census.

National League pitchers set a new strikeout record in 1957. They registered 6,150 strikeouts.

Weekend visitors at the home of Mr. and Mrs. Ivan D. Rickrode, Patrick Ave., were her brother-in-law and sister, Mr. and Mrs. Larry Meade, Washington, D. C.

## TOSS DYNAMITE CAPS FROM AUTO

POTTSVILLE, Pa. (AP) — A 20-year-old Schuylkill County youth told police Tuesday he and two other boys were tossing lighted dynamite caps out the window of a moving car Sunday when one cap blew up inside the automobile.

The boys—all from Donaldson—are in Pottsville Hospital. One is in critical condition.  
Leslie Reighler said the trio was driving near Duncott about five miles west of Pottsville, putting lighted fuses into the open ends of the caps and throwing them out the window. They didn't get the last one out in time, he said.

The boys told police Sunday a lighted cigar dropped into a box of 50 caps and set off the explosion. In critical condition is Buckley Miller, 18, who lost the sight of his eyes and his left leg. The other boy, Richard Boyer, 16, lost the sight of one eye. Doctors are trying to save the other eye. Reighler suffered lacerations.

William Keuch, chief of Schuylkill County detectives, said Reighler will be arrested for violating the State Explosives Act when he leaves the hospital.

The boys said they found the caps on a mountain near Donaldson.

### LATEST CENSUS FIGURES

WASHINGTON (AP)—The Census Bureau Tuesday estimated the nation's population at 173,210,000 on March 1. This figure, which includes service personnel serving overseas, was 199,000 higher than the Feb. 1 estimate.

At the start of the year the population was figured at 172,790,000, compared with 151,132,000 in April 1950, the date of the last census.

National League pitchers set a new strikeout record in 1957. They registered 6,150 strikeouts.

Weekend visitors at the home of Mr. and Mrs. Ivan D. Rickrode, Patrick Ave., were her brother-in-law and sister, Mr. and Mrs. Larry Meade, Washington, D. C.

# Littlestown BROTHERHOOD PLANS ANNUAL M-D BANQUET

Plans were made to sponsor the annual mother-daughter banquet of St. John's Lutheran Church at the April meeting of St. John's United Lutheran Church Brotherhood held on Monday evening at the church. The banquet will be served on Monday, May 12, at the church, and the following committees were appointed to assist: Purchasing, Edgar E. Yealy, Albert Starnier and David Erb; Kitchen, U. Ray Study, Ralph Wanz, Raymond Reinman, George Trump and Oliver Erb; dining room, Dewey Bumgardner and Ronald Strevig. Tickets will be \$1 for adults and 65 cents for children under twelve.

Leroy and William Moose, sons of Mr. and Mrs. Albert Moose, Littlestown, R. D., local members of the Archeological Society, gave an illustrated talk on "Indian Lore," emphasizing the historical background of the Indians who lived in this vicinity. They also had on display a number of relics found on their own excavation projects. They were introduced by Noah V. Strevig and George W. Strevig, in charge of the evening's program.

The meeting opened with group singing, for which Gary Strevig was piano accompanist. James Dutter led the responsive reading and Paul E. King offered prayer. Reports were heard from John Groft, secretary, and Kenneth Bortner, treasurer. Group prayer followed the business and refreshments were served by Clair A. Beamer, James U. Bowers and Kenneth Bortner.

# HELP PARENTS SPEND FORTUNE

PRESTWICK, Scotland — Harry Riley of Canton, Ohio, flew in from the United States with his wife and two sons Tuesday to help spend his parents' \$55,421 prize.

Riley's mother and father Mr. and Mrs. Thomas Riley of Horden, won the money two weeks ago for a two-penny bet on a series of soccer games. The tax-free sum was the largest prize ever given in the British football (soccer) pools.

The first thing the elder Rileys did was to invite their son to come home for an expense-paid vacation. Harry migrated to the United States 12 years ago and is a dairy supervisor in Canton.

The elder Rileys met Harry and his family at the Prestwick airport with two new cars and half a dozen relatives from Horden, their little country town.

Harry, 37, and his wife Florence were accompanied by Frank, 10, and Richard, 7. They had to leave behind 18-year-old Tommy, who has been paralyzed by polio from the waist down since 1945. The last time Tommy flew one of his lungs collapsed and doctors wouldn't let him make this trip. "We're going to have a grand time and we won't spare ex-penses," Thomas Riley said.
